ANNEX A

COVID-19 Protocols and Policies

The IDBF and the USDBF consider the health and safety of all participants, coaches, staff and volunteers a top priority. In partnership with the Local Organizing Committee, we have prepared the following protocols and policies aimed at preventing and reducing the spread of Covid-19. As is the case with all events, there is an implied risk when gathering in large groups, and we encourage participants to make personal choices that prioritize their health and wellbeing.

Attendees (Participants, Spectators, Volunteers & Vendors):

1. In order to mitigate risk, we encourage attendees to monitor themselves for any symptoms and complete a screening checklist at home before attending the event, using their local public officials' list of Covid-19 symptoms. Any attendee who is experiencing any Covid-19 symptoms is encouraged to err on the side of caution when deciding to attend the event.
2. In the event a team member or attendee experiences Covid-19 symptoms or tests positive for Covid-19 during the event, individuals are expected to notify their team manager. Team managers are required to report individuals who test positive to the Event Medical Director. Individuals who test positive, and any others who have been in close proximity to the infected individual, are expected to isolate in their hotel rooms until they produce a negative Covid-19 test. A list of testing locations is reproduced in the table below.
3. Attendees are encouraged to follow basic hygiene procedures.
4. Face masks are not mandatory on-site, but attendees and volunteers are strongly encouraged to wear them, particularly when in areas where there may be increased contact with others.
5. Attendees are encouraged to maintain social distancing while in their respective team sites and while walking around the event site.

General Event Site:

1. Hand sanitation stations will be placed in various locations throughout the event site.
2. Teams will receive dedicated space, free of charge, in the Team Village area. This space may be located within one large tent. Teams who wish to have their own tent may reserve one for an additional fee. Additional information is provided in Bulletin 2.
3. The venue is a very expansive, 600-acre outdoor park with ample space for social distancing. The Team Village will be accessible to credentialed Team Members and Team Supporters only. The general public will not have access to this area.

Racing:

1. The IDBF strongly encourages participants to bring their own paddles and PFDs. However, paddles and PFDs will be available on-site for participants to use. Disinfectant wipes and hand sanitizer will be available within the marshalling area for use by participants. If teams want their boat to be wiped down before embarking, they can use the disinfectant wipes available in Marshalling to do so. This will not be done by volunteers.
2. Marshalling lanes will be widened to provide additional distance between individual teams and paddlers.

13TH IDBF CLUB CREW WORLD DRAGON BOAT CHAMPIONSHIPS | JULY 18-24, 2022

3. Masks are strongly encouraged in the marshalling area and may be removed when the boat has pushed away from the dock.
4. There will be a boat loading and unloading sequence to maintain separation between teams.
5. Volunteers in marshaling are expected to have minimal contact with participants. It will be the responsibility of teams to assist their own team members in loading and unloading boats.
